Mr. T.M. Pfeiffer,
120 Broadway,
New York City, N.Y.

Dear Mr. Pfeiffer:

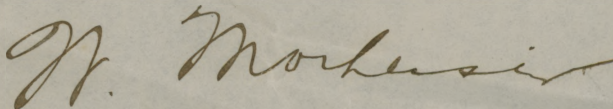

I am enclosing report as per your suggestion in telegram, to your Broadway office, because I presume you prefer to have this information conveyed to your office rather than New Brunswick. Unfortunately, I did not know your location was New York City and therefore the miscellaneous and divers addresses.

I personally believe that Mr. & Mrs. White have some real information that will prove to be very valuable to you. They were introduced to me through an important official of one of our big hotels here and he vouches for the integrity and ability of Mr. White. I am therefore very, very much impressed and will appreciate if I can cooperate in any way.

On account of the fact that the trial has been set for an early date, you probably will desire to get in communication with these people as early as possible.

Will therefore appreciate your further advice.

Yours very truly,

W. Morheiser.

Operatives true name is Mrs. Roberta White, but she operated in this case under a fictitious name and under circumstances which enabled her to obtain direct information concerning murder and statements from parties involved.

Operative began operation on case October 11th, 1922, and worked day and night until October 18th, 1922, and during the time she developed facts which absolutely prove innocence of parties now under indictment and guilt of parties now at large.

Operative has the name of person who was at the Phillips farm on the night of September 14th, 1922, between 9:30 and 10:30 P.M.

Principals will be known as subjects #1-2-3-4 until such time as as operative will expose their true names and their connection with murder. Subject #1 was asked by subject #2 on evening of September 15th whether subject #1 had heard of murder or had heard shotsprevious night near Phillips farm (this was before the bodies had been found). Subject #1 answered in negative; subject #2 then volunteered to take subject #1 to the scene of crime, and very early on morning of September 16th, 1922, subject #2 took subject #1 direct to Phillips farm to spot where bodies were later (the same day) found. At this time, subject #1 noticed that there were blood stains on the trousers of subject #2, from the waist to knees and at this time, subject #1 identified an article on ground between the bodies as a personal belonging of subject #2.

Subject #2 then tried to persuade subject #1 to leave town together, but subject #1 thought it unadvisable. Subject #2 then concocted a story to which both of them agreed to stick in the event either of them were ever questioned by the authorities.

Investigation proves a case of mistaken identity and operative is prepared to disclose names of parties involved and those for whom deceased were mistaken.

Mr. Timothy N. Pheiffer,

Dear Sir:

A Mr. White, who in 1922, with his wife, worked on the investigation as a detective in the Hall-Mills case. Mr. Ferd David is familiar with the work done by Mr. and Mrs. White. Mrs. White was in the detention cell with a party who advised her was the real murderer.

He feels quite sure that he and his wife can establish who was responsible for the crime. They are living at present in Los Angeles and have been introduced to me through very reliable sources. I believe their statement is the truth and am sure that with their cooperation you could establish not only a complete defense for your client, but you can also track the real murderer.

These people do not have funds in their possession with which to defray the expense of travel and assuring you of the information in their possession, but if you will communicate with Ferd David, I am sure that he can advise you that these people worked on the investigation of this case and discovered some very valuable information.

Will be glad to hear from you and I will communicate with these people.

Yours very truly,

W. Morheiser

Hall-Mills

Dear Mr. Gibsen:

The fame of the Hall-Mills case probably has
ed
reach/ the Coast and you may be interested to know that
Harry Carpenter, who is in the Somerville jail, is both
my cousin and brother-in-law and Mrs. Hall and William
Stevens my cousins.

I enclose a file of correspondence by wire and
letter which has past between Mr. T. N. Pfeiffer of the
defense counsel and Mr. W. Morheiser, 1212 Chapman Building,
Los Angeles, relative to a statement made in Los Angeles
by a Mrs. White who claims four years ago, when this
matter was first in the public eye, to have been in the
detention cell in the New Brunswick jail with a girl who
told Mrs. White who the real murderer was. Confidentially
Mr. Ferd David, mentioned in Mr. Morheiser's letter of
August 19 and who is the Middlesex County detective, we
understand does not recall Mrs. White. Mrs. White's story
is of particular interest to us at this time for it is
corroborative of information we are receiving from another
the
quarter. On the other hand/ people who have offered

for personal gain
the information may be working together/or it may be purely
a coincidence that the same story has been thought up in two
parts of the country at the same time.

I shall be very much obliged if you will see both
Mr. Morheiser and the Whites and will then communicate with
me by night letter, following your wire with more detailed
information by air mail. You undoubtedly know or can
ascertain Mr. Morheiser's reputation for integrity and in-
telligence and through him can meet and talk directly with
the Whites. In addition to getting the full detail of their
story in relation to the crime, please try to get enough
information from them as to themselves so as to check them
up in Los Angeles and to give us leads from which to check
them up in the East.

I am sending you this letter personally, but if
by any chance you are out of Los Angeles I shall be obliged
if your office will give the matter prompt and careful
attention.

With personal regards to you,

Yours sincerely,
